

Implemented Voice commands

This is a list of the current available commands using Voice Control for your creative Icon 2 machine.

Using Amazon Alexa

Don't forget to say "Alexa" before your command to ensure the device is listening.

Commands to connect Alexa phone app or device to the machine:

"Alexa, open creative Icon 2"

or

"Alexa, ask creative Icon 2 to connect"

Commands to awaken connection:

"Alexa, ask creative Icon 2 to *command*

Example conversation flow:

User: "Alexa, open creative Icon 2"

Alexa reply: "Welcome to mySewnet, what would you like to do?"

User: "Go to demo mode"

Alexa reply: "Okay, let's have some fun. Anything else?"

User: "No"

session ends

Next time you want to talk to your machine:

User: "Alexa, *ask creative Icon 2 to play demo video*"

Alexa reply: "Okay, watch and learn. Anything more?"

User: "No"

session ends

Using Google Assistant

Don't forget to say "Hey google" before your command to ensure the device is listening.

Commands to connect phone or google device to the machine:

"Hey Google, talk to mysewnet"

Example conversation flow:

User: "Hey Google, *talk to mysewnet*"

Google reply: "Welcome to mySewnet, what would you like to do?"

User: "Go to demo mode"

Google reply: "Okay, let's have some fun. Anything else?"

User: "No"

session ends

won't my machine respond to touch?
won't my machine buttons work?
did my machine needle move in place and make a different noise?

Other commands:

Could you repeat that?

This list of available commands will grow and be updated continuously.

Alexa smart home commands:

When adding your creative Icon 2 machine as a smart home device it will automatically get the name "machine 1". If you later go to this device in the app you have the option to choose another name for your machine if you want. Depending on what name you have chosen - that is the name you should use for sending commands.

If you haven't chosen an own name the default name will be "machine 1". See below examples for how to send commands to your machine with standard smart home commands.

Don't forget to say "Alexa" before your command to ensure the device is listening.

*Turn on *machine 1**

*Turn off *machine 1**

*Set mode to sewing on *machine 1**

*Set mode to embroidery on *machine 1**

This list of available commands will grow and be updated continuously.
